

A Special Mission from Santa

Last night, oh my, I didn't roam,
But I had a good reason to stay at home.
Santa called with a job to do,
And it's all because of wonderful YOU!
He said, "Dear elf, take time to see,
The love and joy in this family.
Their kindness and laughter light the
way,
And fill my workshop every day!"
So I stayed to watch, my heart aglow,
As your Christmas spirit began to show.
I saw you share, I saw you care,
And Santa was right—there's magic
there.
Tonight I'll move, to a new place near,
To spread more smiles and holiday
cheer.
But don't forget, you're shining bright,
A family so special, so full of light!
